

**elite academy of dance**  
**2022 summer class series**  
**covid-19 health & safety procedures**

The health and safety of our students, their families, and our staff is our highest priority at Elite Academy of Dance. Below are the health and safety procedures that we are asking all of our students and their families to follow when attending classes at Elite Academy of Dance.

- ✓ If your dancer or any member of your household is experiencing symptoms of COVID-19 such as cough, shortness of breath, fever, chills, muscle pain, sore throat, new loss of taste or smell, or if your dancer or a member of your household have a suspected or diagnosed case of COVID-19 or any other communicable disease, please do not send your dancer into the studio for at least 5 days or 5 days from your positive COVID-19 diagnosis. Once returning to the studio, please wear a mask for an additional 5 days.
- ✓ If your dancer or a member of your household has had close contact with someone diagnosed with COVID-19, please refer to the CDC website for quarantine information.
- ✓ Masks are recommended.
- ✓ All dancers should use hand sanitizer before entering their classroom and when returning from a bathroom break.
- ✓ The water fountains in the lobby will be available for use; students are encouraged to bring their own water bottle with them to class.
